

BE LEGENDARY. BE A GLADIATOR!

Dear Friends of Gladiators Travel Baseball and Fastpitch

The Gladiators are a locally based 501c3 non-profit youth sports organization that has teams from 8u on up to 18u. The Gladiators began 2011 with just one team, and this year, we will field nearly 20 teams. Our goal as an organization goes beyond the fundamentals of athletics, but focuses on teaching how to be a positive part of a team, respect for others, sportsmanship, and self-discipline. These are all admirable traits that extend to life outside of sports and will serve the boys over the course of these very crucial years of formation as they move from adolescents towards adulthood.

We are looking for support from the local business community to help the teams achieve the financial goals for the upcoming season. As a respected member of the community, we ask that you consider the sponsorship program. The Gladiators currently lease the Union City Ballfield Complex on Torrey Road, adjacent to Bishop Airport. This 3 field facility hosts more than 150 games per year, while also hosting numerous other events and activities throughout the year including tournaments, softball games, reunions, concerts and more. **In short, this facility offers an outstanding opportunity to advertise your business while supporting a local non-profit youth organization through a tax deductible donation.**

We are not simply seeking a handout, but truly looking for business partners that we can promote amongst the Gladiator community and the surrounding areas in which we will compete. We all look for return on our investments, and this sponsorship provides you with the opportunity to support a great cause. We support the businesses that support us.

Our Mission...

The mission of the Gladiators is to organize and maintain recreational youth athletics in an instructional nature, all while teaching how to be a positive part of a team, enhance baseball skills, have respect for others, sportsmanship, and self-discipline. We will provide a healthy learning environment for our youth to learn and play the game on the ballfield.
